Part I: Scope of EPC

The Export-Import Bank of India (hereafter Exim Bank or the Bank), on behalf of the Government of India (GOI) has approved financing of a project out of a Line of Credit extended to the Government of Maldives for various projects including International Port Development Project at K.Gulhifalhu in Maldives for which Exim Bank now seeks applications for prequalification from eligible Indian entities. Refer Part II ITA 4 for eligibility provisions.

A] Background and Major Components of the Project

The Republic of Maldives is made of 1,192 small coral islands in the area of 298 km², spreading 675 km from north to south and 130km from east to west. Out of the total population of Maldives, one third is concentrated in Male' Island, the capital city of Maldives. All islands are connected only by boats and ferries.

Male' has expanded urban areas by reclamation in nearby islands, namely, Hulhumale', Hulhule, Villingili and Thilafushi. All Maldivian Government institution buildings and commercial functions including International Port are situated at Male' Island. Male' has already been heavily congested and there is no room for future expansion for development. The existing international port at Male' Island is having only one berth and exceeds its handling capacity and coming ships via Colombo have to queue inside Northern Male' Atoll for unloading and loading. All goods are classified at the port and then distributed to other islands by small boats.

The Gulhifalhu Island, a non-residential island, has been developed by Gulhifalhu Investment Corporation (now a part of "Housing Development Corporation"). The reef shallow area will be reclaimed for warehouses, light industries, a labor park and recreational area.

The Ministry of National Planning, Housing and Infrastructure (MNPHI) of the Republic of Maldives is the Implementing Agency for the project.

[B] Description of the Works

The scope of the work for the contract is design and construction for the new port located at Gulhifalhu. The total project area covers approximately 43 ha. The port will be divided in six different areas

- Main administration area
- Container terminal
- General cargo terminal
- Port service quay
- Bonded warehouse
- Domestic quay

At present the Gulhifalhu Island is a reef where a small part has been reclaimed. The reclamation works required to expand the land space of the island including construction of

revetments and dredging of an access channel to an inner harbour basin are due to be performed under a separate contract prior to this contract. However, there are anticipated to be smaller volumes of reclamation and dredging works required for the Port Main Components Contract to complete the quay structures with their associated berths and to tie them into the works already completed. Compaction works to the already reclaimed fill will also be required. During the construction of quays and other marine infrastructures the contractor is required to engage staff experienced in similar environments and utilize appropriate methodologies accepted by the Employer for dredging, reclamation, piling and other works as required in carrying out works on the coral reefs and in handling of coral reef soil materials. The contractor is also required to take into consideration, environmental issues which may arise during the construction and take necessary preventive measures.

The scope of the main works for the contract can be summarised as under which include all design and construction based on the Employer's Requirements in the contract (including supply and installation of materials and provision of necessary labour):

- Design, supply of materials and construction of quay structures complete with coping, quay furniture including (but not limited to) bollards and fenders and gantry runways if required as part of the quay design. The project consists of a container quay with a length of 470 m and a water depth of 16.7 m MSL located on the outside of the island. In the lagoon a quay with a length of appr. 1900 m and a water depth of 5.7 m MSL will be constructed for general cargo, domestic transport, port service vessels and restricted cargo.
- Dredging in front of the container quay, placement of materials suitable for reclamation fill to the required shapes, levels and profiles to construct berth pockets and fill behind quay structures.
- Reclamation of port services area to the required shape and levels using sand which is to be provided by others (sand will be stockpiled by the reclamation contractor and does not form part of this Contract).
- Provision of navigation beacons to mark the access channel to the basin.
- Compaction of all of the fill, including that in the reclamation constructed under a separate reclamation contract.
- Design, supply of materials and construction of revetments required to tie the newly constructed quay structures into the revetments constructed by others as part of a separate contract.
- Design and construction of paved areas including (but not limited to) roadways, container stacking areas, general cargo storage areas and quay aprons.
- Provision of rail mounted Ship to Shore (STS) gantry cranes together with design and construction of any supporting structures necessary to maintain the crane rails within the manufacturer's tolerances for both operating conditions and survivability criteria in extreme conditions.
- Provision of mobile cargo handling plant.
- Design and construction of a firefighting system network within the port area, including but not limited to the yard areas, administrative buildings, workshops, warehouses, including saltwater pumping facilities(where applicable), freshwater pumping facilities, fire mains and hydrants.
- Design and construction of a potable water supply system which is to be fed from a

desalination plant which is to be provided by others and does not form part of this Contract.

- Design and construction of a stormwater runoff drainage system for drainage of paved areas including sea outfalls with flapper valves.
- Design and construction of a foul water sewerage system from all buildings and facilities to take the sewage to a sewage treatment plant which is to be provided by others and does not form part of this Contract.
- Design and construction of a lighting and electrical power supply system for the port area. This also includes design and delivery of emergency backup generator set to supply emergency power to the critical function within the port.
- Provision of fencing and gate systems for controlled entry and exit to the port area and the associated terminals.
- Establishing, constructing and subsequently removing all necessary temporary works.
- Survey and compliance testing in relation to the Works.
- Design and build of a main administration building. 7 stories with a footprint of 1,000 m²
- Design and build of an administration building for the container terminal. 2 stories building with a footprint of 800 m²
- Design and build of CFS facility for the container terminal. Footprint of 2,400 m²
- Design and build of a warehouse for the general cargo handling including a temperature-controlled warehouses and a regular warehouse – each with a footprint of 800 m²
- Design and build of an administration and welfare facility for the general cargo terminal with a Footprint of 600 m²
- Design and build of port facilities building for the port service are. Footprint of 675 m²
- Design and build of a Bonded Warehouse. 4 stories with a footprint of 4,000 m²
- Design and build of other facilities such as welfare facilities, workshop and stores, fuels stores, x-ray facility, weigh bridge and fire depot
- Design, supply and installation of ICT Backbone infrastructure, including termination and construction of ICT cabling and duct system
- Design, supply and installation of CCTV Surveillance System and Access Control Systems
- Provision of Port Equipment (Reach Stackers, RTGs, Prime Movers, Forklift, etc.)
- Supply of port equipment such as:
 - Rail Mounted Ship to Shore (STS) Cranes (2 nos)
 - Mobile Harbour Cranes
 - Rubber Tyred Gantry Cranes
 - Terminal Tractor units
 - Trailer units
 - Reach Stackers
 - Empty container handlers
 - Forklift vehicles
 - Staff Vehicles
 - Mobile maintenance unit

- The contractor is required to handle the coral reef soil materials and the environmental issues in accordance with the applicable laws in Maldives.

Project map is given below:

C] Contract execution period

The duration of the contract is expected to be 27 months, with an additional 12 months of defects liability period.

D] GOI Guidelines

As per the GOI guidelines/approval, goods, works and services for minimum 75% value of the contracts covered under this Line of Credit, must be sourced from India. Applicants are advised to refer to the GOI guidelines mentioned above which are also available at https://www.eximbankindia.in/assets/pdf/loc/IDEAS_2022_07042022.pdf

Applicants are also advised to refer to the Public Procurement Orders nos. 1 & 2 dated July 23, 2020 and Public Procurement Order no. 3 dated July 24, 2020 issued by the Public Procurement Division of the Department of Expenditure, Ministry of Finance, Government of India, which are applicable to the current prequalification process.

Part II. Instructions to Applicants

A. General

- 1. Background**
- 1.1 The Export-Import Bank of India (hereinafter called “the Bank”), on behalf of the Government of India (GOI), extends from time-to-time, concessional credit facilities (hereinafter called “Lines of Credit”) under the Indian Development and Economic Assistance Scheme (IDEAS) to overseas governments or their nominated agencies (hereinafter called “Borrower or Employer or Project Authority”), for financing projects to be executed by Indian entities. Payment by the Bank to the Indian exporters will be made only at the request of the Borrower and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the credit (or financing) agreement.
- 2. Scope of Prequalification**
- 2.1 With reference to the Invitation for Prequalification (IFP) indicated in Part III, Data Sheet (**DS**), this Application Document (“Application Document”) is being issued by the Bank to prospective applicants (“Applicants”) interested in submitting applications (“Applications”) for prequalification as per the scope described in Part I, Scope of EPC and subject to the provisions of this Application Document.
- 3. Ethics and Integrity**
- 3.1 The Bank requires Applicants to participate in this prequalification process with the highest standards of ethics and integrity. It is strictly forbidden to the parties involved in the prequalification process, by themselves or by a third party, to offer, ask or accept for itself or for a third party, financial or non-financial advantage or even direct or indirect promise or any other acts¹, as offsets for prequalification or bidding or contract award and execution as applicable, if susceptible of being qualified as criminal unlawful acts in accordance with national laws of any party involved.
- 3.2 In pursuance of ITA 3.1 above, Applicants shall permit the Bank to inspect all accounts, records and other documents relating to the submission of the Application, bid submission (in case prequalified), and contract performance (in the case of award), and to have them audited by auditors appointed by the Bank.
- 3.3 If, in accordance with the administrative procedures of the Bank, it is demonstrated that an Applicant in this prequalification process, or during the subsequent bidding for the contract(s) has violated the provisions stated in ITA 3.1 above, the Bank, inter alia,

¹ These acts shall include, but not limited to, corrupt practice, fraudulent practice, collusive practice, coercive practice, obstructive practice, and conflict of interest.

- a. shall reject any Application for prequalification or proposal to award a contract in connection with the subsequent procurement process, as applicable; and/or
- b. may declare an Applicant, temporarily or permanently, ineligible to be awarded future contracts under Bank funding.

4. Eligibility of Applicants

- 4.1 This prequalification exercise is open to only Indian Applicants in accordance with the provisions of ITA 4.4. Any form of association by the Applicant with ineligible entities either during this prequalification process or subsequent bidding process may be liable for rejection.
- 4.2 For the purpose of applying the eligibility criteria listed in this article 4, "Applicant" would include the single entity or in case of a joint venture ("JV"), each member of the JV, involved or intended to be involved with this prequalification process (as mentioned in Form A.1.2 Applicant's JV Member's Information Form), for any part of the prospective contract(s) including related services.
- 4.3 An Applicant may be a single entity or a combination of entities in the form of a JV either existing or with the intent to enter into a JV supported by a letter of intent or JV Agreement listing out the names of all the JV members. In the case of a JV, all members shall be jointly and severally liable for the execution of the subsequent contract(s) in accordance with the respective contract terms. The JV shall be represented by an authorized representative who shall have the authority from all members of the JV so as to conduct all business for and on behalf of the JV during the prequalification process. The limit on the number of members in a JV would be as specified in the **DS**.
- 4.4 This prequalification exercise is open to only Indian Applicants. An Applicant shall be deemed to be Indian if the Applicant is registered in India and/or incorporated/established under any law in force in India, as evidenced by its articles of incorporation and its registration documents, as the case may be.
- 4.5 An Applicant that has been blacklisted/ debarred/ sanctioned by any Multilateral Development Bank (MDB) , such as World Bank, Asian Development Bank, or any authority of GOI or the Borrowing Government in accordance with extant rules and procedures, shall be ineligible to participate in the prequalification/ bidding process as applicable, during such period of time as the sanctioning authority shall have determined. In case the Applicant is blacklisted/ debarred/sanctioned post the prequalification process (i.e. including during bidding process and/or contract implementation phase), the Applicant shall immediately inform Exim Bank of such blacklisting/

debarment/sanction and reasons thereof. This may lead to cancellation of Applicant's prequalification / contract.

- 4.6 The list of debarred firms and individuals by certain leading MDBs is available as specified in the **DS**. This may not be an exhaustive list of debarred entities but those which are made available centrally on the respective MDA's website. Additionally, there could be lists of debarred entities issued by various government departments/ procuring entities/ corporations and maintained offline.
- 4.7 An Applicant shall be ineligible to be prequalified if (a) it is currently under default on any loan to any Bank/ Financial Institution (FI) and its account has been classified as Non-Performing Asset (NPA) as per Central Repository of Information on Large Credits (CRILC) database; and/or (b) its promoters/ directors appear in Negative List, RBI Wilful Defaulter List (Suit filed as well as non-suit filed), Credit Information Bureau India Ltd. (CIBIL) Defaulter List and/or any other negative list of central and/or state government agencies, updated from time-to-time. On being included in any of the above lists post the prequalification process (i.e. including during bidding process and/or Contract implementation phase), the Applicant shall immediately inform Exim Bank on the inclusion and reasons for inclusion thereof. This may lead to cancellation of Applicant's prequalification / contract.
- 4.8 An Applicant shall furnish such evidence of eligibility satisfactory to the Bank, as the Bank shall reasonably request.
- 4.9 The Applicant shall appoint a Designer to design the permanent works. The Designer may be a single entity or a joint venture. The Designer may be of any nationality and shall meet the minimum requirement on qualification as specified in Part IV of this Application Document. The Designer shall not sub-contract any of its obligations under the Contract without approval in writing from the Employer.
- 4.10 The Applicant shall appoint an Independent Checking Engineer (ICE) to carry out independent check of the permanent works. The ICE may be a single entity or a joint venture. The ICE may be of any nationality, and shall meet the minimum requirement on qualification, which will be specified in the Bidding Documents for Procurement of Works (BDW). The ICE shall not sub-contract any of his obligations under the Contract without approval in writing from the Employer.
- 4.11 An Applicant shall (i) be eligible with respect to the provisions of Public Procurement Orders No. 1 & 2 dated July 23, 2020 and Public Procurement Order No. 3 dated July 24, 2020 issued by the Public Procurement Division of the Department of Expenditure, Ministry of Finance, Government of India; and (ii) furnish such evidence of eligibility satisfactory to the Bank, as the Bank shall reasonably request.
